Series Results – 8 Race Series.

Congratulations to the winners.
1st After Midnight – Skipper Steve Richardson.

Congratulations to all skippers and crews who consistently get out and race in this great, popular summer twilight series. Our club has more keel boats racing in the twilight races than most of the bay clubs and our fleet is constantly growing.

We not only have a great marina to provide a haven for keel boats but also a great club that provides friendship and camaraderie for all members.

By next summer we will have even more boats racing, after having had a record fleet this year.

Sunday 25th March 2018.
