Great job by the tower team of Steve Daniels and the *Time Out* crew

We had a protest lodged with the race committee on Friday which has been posted on the club web-site at:

<http://sbssc.net.au/wp-content/uploads/sbssc/Protest-119-SBSC.pdf>

We do not receive a lot of protest forms at the club which hopefully means that everyone keeps themselves nice on the race course however, they do happen from time to time and unfortunately some protest submissions are considered invalid as the proper protest procedures are not followed. Please make sure you are familiar with the correct procedures as outlined in the Racing Rules of Sailing so that in the heat of the moment they are not forgotten, they are implemented properly, and your protest will be deemed valid.

We would like to thank Linda Clarkson (YKnot) for her very generous donation of a **\$300 Bin Smart Voucher** and Ewan Campbell for donating some of his very yummy **Phaedrus Wines** for this week's Raffle.

This week's prize was valued at a whopping \$400. All money raised goes towards the purchase of the TERA Training boats for our growing Junior Fleet.

Thanks to Rod Smallman who is always keen to take to the floor with his raffle book in hand!

We want to see plenty of our Safety Beach boats out there competing for the last of the combined races with MYC. We would like to thank MYC for their assistance with the running of this race and our volunteers who have offered to man the start and course laying boats.

We are already working on dates for next season's Combined Race Series!

Race Rules Trivia Answer

A5. When Blue ducks Yellow, they are still on opposite tacks. When Yellow begins to tack, she is required by Rule 13 to keep clear of Blue and cannot complete her tack until Blue gives her the room to do so by bearing away round the mark. As soon as Yellow completes her tack by reaching a close-hauled course, she is the windward boat and required by Rule 11 to keep clear of Blue. No rule is broken.

Penalise:

Neither

Blue

Yellow

Both
