Control Tower Volunteers Wanted!

SBSC is looking for adults to join our experienced Race Management Team in the SBSC Tower on a voluntary basis during the sailing season.

The SBSC Tower is the onshore base for Keelboat & Trailerable Sailboat races, working with the large sailboats on the water to provide a safe, efficient and informed sailing environment for all participants. The Tower is a vital part of the structure of organised sailing. Race Management is a dynamic, challenging environment which requires good teamwork and communication across several locations.

What?

- Third floor Control Tower at the SBSC clubhouse
- Work with the on water crews to deliver a safe and efficient sailing environment
- Full training in SBSC operations, racing rules and timing of starts & finishes etc is provided
- Full training on entering results into Top Yacht
- External training through Yachting Australia is available as appropriate.

When?

- Friday nights are usually between 5:15pm and can be as late as 8:00pm, October through March. (break over Christmas/New Year)
- Sunday afternoons may be changing from midday to a start time of 10:00am for next season, all year round (break over Christmas/New Year)

What to bring

- This is an onshore role so normal clothing appropriate to the conditions
